Although we hope that all who come to or use LazyChimp.com will act honorably and treat each other fairly, we cannot verify the information that sellers supply or guarantee the vehicles they offer. Nor can we assure the seller of a vehicle that the payment he or she receives from the buyer is legitimate. When using the LazyChimp.com service to find a buyer for your vehicle or a vehicle to purchase, we urge you to use the same common sense and good judgment you would use in selling or buying a vehicle through, or responding to, a classified ad in the newspaper. There is no substitute for healthy skepticism and your own good judgment.

Inspection: Dealer will inspect and verify the vehicle free of charge prior to purchasing it from you. This is to confirm the vehicle description and condition information you provided online. This inspection may include for example, a road test, mechanical inspection, and a review of history reports. Dealer may also check your vehicle's vin number against databases such as Carfax or Autocheck to verify liens, accidents, title status and more. Your vehicle must be delivered in the EXACT same condition as it was listed. Title must be in your name, a company name, or a name which is associated with the legal documents you provide for this vehicle. DEALERS WILL NOT PAY YOU IN DOLLAR BILLS (CASH). The draft amount paid to you will be net of all outstanding liens or payoff amounts (if any) and any other government fees or taxes due on the Vehicle. In the event that the lien or payoff amount (if any) is incorrectly calculated, then the dealer will adjust the amount due to you accordingly.

The Offer price may exclude sales tax, title, license, regulatory, documentary, emission testing, and/or compliance fees, any or all of which may be deducted from the Offer price to arrive at the final sale price of a vehicle(s). The Dealer will assist in completing all necessary vehicle titling and registration documents in connection with your sale of the vehicle(s), and as applicable, remit any required motor vehicle sales tax.

If you have negative equity in your vehicle (i.e., your outstanding loan balance or lease payment obligation exceeds the amount of your Offer), you will be responsible for paying the difference between the Offer and the amount needed to clear the title to your vehicle by certified check or other form of payment acceptable to the Dealer before your transaction can be completed. If you have positive equity in your vehicle, the Dealer will issue you a draft or a credit, as applicable, for the difference between the amount needed to clear the title to your vehicle and the Offer. The Dealer will assist you with processing of the paperwork and payments necessary to settle your loan or lease obligations and to obtain a clear title to your vehicle. This process typically takes 10 to 14 days following delivery of a vehicle to a Dealer, but could take longer in some circumstances.

The Dealer is not obligated to purchase your vehicle for any price other than the amount of your Offer.

All drafts will be made payable to the vehicle owner(s) named on the vehicle title or otherwise as described. **As with any transaction it is your responsibility to verify funds and validity of the monies being paid.** LazyChimp.com only verifies that the dealer has a valid state issued license and are in fact a dealer registered in the state in which they are located. By accepting any form of payment be it from an individual and/or dealer LazyChimp.com assumes no liability in connection with processing, payment, and/or validity of funds.

An Offer may include the option of using your Offer to trade in your vehicle for the specified amount. If you accept your Offer by trading in your vehicle (if applicable), your Dealer will issue you a credit against the sale price of a vehicle available in its inventory following the release of all applicable liens and lease obligations and the receipt of a clear and unencumbered vehicle title.
